THEY SAY.

The Globe is the name of a new paper in this city.

It made its appearance on last Saturday.

It is red hot for the recorder of deeds.

Judge Mills is the coming democratic District Commissioner.

Col. J. W Douglass will be the next republican commissioner.

Some of the officials in the lower court of the police court ought to take a rest.

The two bailiffs assume more authority than the judge.

Did you see the Globe.

You shou'd read it.

The sage of Anacostia was complimented by Langston.

The United States consul at Santos, Brazil, has made a good officer.

The recorder will read a paper before the Shiloh Lyceum to-morrow.

He will tell you how to get there.

Don't be disappointed if you hear some news.

Never desert your friends.

A man cannot succeed by being false

W. Allison Sweeney ought to know how it is himself.

You see it and then yon don't see.

The BEE has nothing to explain, and neither has it anything to retract

Why should certain married teachers be appointed to the exclusion of others?

The editor of the Freeman wants to know too much.

Editor Astwood says that Taylor has done the square thing towards Cooper.

The Globe charges certain negro editors with being boodle editors.

The BEE is a friend to the recorder if he is a friend to himself.

The Defender tells how Dr. Purvis was removed.

Men who make promises should keep them.

The BEE is not the organ of any clique.

It is a true Defender and a colored American that is able to go around the Globe.

The Globe is striking back.

If Taylor was wrong two months ago, there is no reason that he should continue to go wrong.

The Globe is red hot after the recorder's enemies

The President will not disturb the recorder of deeds.

The President is of the opinion that Taylor has done no more than what others have done.

The BEE is the people's Defender and a colored American, and will go all around the Globe.

Don't be alarmed when a gun goes off.

Be truthful in all you say.

It is a very long lane that has no turn.

The Liberian mission will be filled shortly.

Public Printer Benedict will appoint some colored printers.

Nothing is heard of Senator Hill nowadays.

The recorder's office will be reorganized December 1.

You are often deceived by those whom you help.

Don't desert those who have ever aided you to climb to the top of the ladder.

No man can succeed that deserts a friend.

You must not forget what your friends do for you.

No honest man will fail.

Let us have a vote in the city.

Suffrage ought to be restored.

The white people will favor suffrage.

Be useful to those who will never desert you

The Evening Star is opposed to suffrage.

When you strike at the negro you strike the people.

The recorder will tell you how to get there.

DALEY SHOULD GO.

WHY THE COMMISSIONERS SHOULD ACT AT ONCE.

There is no reason why the District Commissioners should not act at once in the Daley-Gessford investigation. It is believed that Lieut. Gessford has been persecuted, and so far as Daley is concerned he should be removed at once for the good of the force. He has shown by evidence, unmistakable evidence, that his method of making cases against prostitutes and others have disgusted the court and demonstrates his inability and unfitness to remain any longer on the force.

It was shown in the case of the cappers and pimps that were sent down last week by Judge Kimball; if the woman's testimony is to be believed, that Daley had informed a woman if she gave any one of the alleged pimps any trouble, he would lock her up. The city is full of temperance cranks who should be given some time down on the farm; and if they could be in the police court sometimes and see some of Daley's witnesses they would become disgusted.

The Commissioners should remove Daley, and at once.

Other members of the force have been removed for a less offense than what Daley has committed.

FREDERICK DOUGLASS.

The Sage of Anacostia was in his glory on last Tuesday evening. He made the opening address before the Bethel Literary Association. Mr. Douglass is just as vigorous as he was fifty years ago. He spoke well; he was eloquent and logical. He can tell the story more eloquently and logically than the English peer; he knows what to say and how to say it. The BEE has the most profound respect for this nestor of the race; he is entitled to the respect and confidence of his people. Let the nation honor him as the English honor Gladstone.

THE SHILOH LYCEUM.

The largest crowd ever assembled was on last Sunday afternoon in the lecture room of Shiloh Baptist Church. Every available space was filled.

The occasion was a paper by Mr. W. Calvin Chase, entitled "The Elements of Leadership." Among those present who discussed the paper were Hon. C. H. J. Taylor, Hon. John M. Langston, Dr. George H. Richardson, Hon. H. C. Smith, United States consul to Santos, Brazil, Lawyers E. M. Bewlett and Thomas L. Jones. Mr. J. Henry Lewis sang a very fine solo that added greatly to the occasion.

THE B. AND O. R. R.

At the annual meeting of the stockholders of the Baltimore and Ohio Railroad Co., met in Baltimore Monday, the old board was re-elected—Mr. Wm. T. Dixon taking the place of Charles J. M. Gwynn, deceased. The net earnings and income for the year were $8,719,829

After the payment of interest on bonded indebtedness, rentals, taxes and other charges, and twelve months' dividends on the preferred stocks, and six months' dividend on the common stock, there remained $1,272,313. Out of this other payments aggregating $760,346 were made.

The decrease in the tonnage of the company is entirely in the transportation of coal, coke, iron and lumber, to which also—emphasized by the long strikes—is due the decrease in gross revenue.

The information is very conveniently arranged and indexed. Copies can be had by enclosing a two cent stamp to Chas. O. Scull, Gen'l Pass. Agent, B. & O. R. R., Baltimore, Md.

CROSSING ACCIDENT.

A Freight Train Crashes Into an Electric Car.

Chicago, Nov. 12.—An electric car was struck by a Union Stock Yard and Transit Company freight train last evening at the Green street crossing. The following passengers on the electric car were injured: Mrs. Fannie McDermott, face cut and body injured; Mrs. Maggie Williams, back hurt and internal injuries. Several other passengers were cut by breaking glass and bruised in jumping from the car. The train struck the car about the centre, breaking it in and shoving it from the track. The fact that the car was taken off the track saved the passengers from being crushed to death. The engineer reversed his engine in time to avoid fatalities.

THE DEAD CZAR.

Thousands Pay Their Last Tribute of Respect to Alexander III

Moscow, Nov. 12.—The funeral ceremonies over the remains of the dead Czar, conducted in the old Cathedral of St. Michael, have never, perhaps, been equalled. The splendor of Europe is here and the sorrow of the people is honestly attested. The city of Moscow is draped in mourning and the voices of the inhabitants fall in grief stricken tones. After the ceremonies the remains were conducted to St. Petersburg. Thousands of people passed before the body of Alexander III. during the night, and to-day the leading officials were allowed to kiss the image of St. Alexander Neusky that lay on the breast of the dead monarch.

VANDERBILT'S PETS.

The Mongoose One of the Worst Pests on Earth.

Washington, Nov. 12.—United States Consul Eckford, at Kingston, Jamaica, learning that Mr. Vanderbilt was about to import mongoose for his Asheville, N. C., estate, made a report to the State Department to the effect that mongoose are a worst pest in Jamaica than the rabbit is in Australia or the sparrow in America. He recommends a prohibition of the importation.

What Kind of a Bug Is It?

Jamestown, N. D., Nov. 12.—A strange insect has made its appearance in this locality in large numbers, and it has been the cource of much speculation as to its character, habits and name. The director of the State Experimental Station says it is closely allied to the chinch bug and thinks it came from South America. The pests destroy timber mostly.

Afflicted With Beri-Beri.

Perth Amboy, N. J., Nov. 12.—Preparations are being made here to-day to remove the passengers of the barkentine Patterson from the Navassa phosphate works. STRIKE COMMISSION.

The Annual Report Made by President Cleveland.

Chicago, Nov. 13.—The United States Government Commission's report on the strike in connection with the Pullman trouble has been made public. The report, which is signed by Federal Labor Commissioner Carroll D. Wright and his fellow-investigators, John D. Kernan, of New York, and Nicholas R. Worthington, of Chicago, is addressed to President Cleveland. The report says that the capitalization of the twenty-four roads directly represented in the General Managers' Association was $2,108,552,617. The number of employees was 221,097. The Commission deems recommendations of a specific nature such as the Government ownership of railroads as premature. The Commission recommends the establishment of a permanent United States strike commission to act as a board of conciliation and arbitration, under the Massachusetts system. It is also recommended that chapter 567 of the United States statutes of 1885-86 be amended so as to require national trade unions to provide that members shall forfeit all rights by preventing others from working by force or violence. The Commission does not feel warranted to recommend the licensing of the higher railroad officials. The Commission urges employers everywhere to recognize labor unions and suggests the adoption of a general policy of concession and conciliation between labor and capital.

THE ST. LOUIS.

The First American Transatlantic Liner Takes Her First Plunge.

Philadelphia, Nov. 13.—The St. Louis, the first modern American built transatlantic liner, was successfully launched yesterday afternoon at Cramp's yards. Mrs. Cleveland christened the ship, murmuring as she smote the vessel's bows with a bottle of champagne: "I christen thee St. Louis." A notable gathering was present, including the President and several Cabinet officers. A dinner was held afterwards, at which President Cleveland spoke and urged the necessity of the United States in not only increasing its navy, but also the merchant fleet.

HELD UP A BANK.

One of the Thieves Shot Dead by His Companions.

Satina, Kan., Nov. 13.—Three masked men held up the bank at Spring Grove, Kan. The men presented revolvers and ordered the cashier to hold up his hands. He did, and in a few minutes the bank's ready cash was gone. The cashier opened fire as the robbers rode away. One robber fell and his companions turned back and shot him dead to save themselves from exposure. The amount of the booty is not known.

Woman Suffragists in Session.

EDITOR SWEENEY.

The editor of the Indiapolis Freeman, W. Allison Sweeney, is very anxious to know why the Bee has discontinued its attacks on the Recorder of Deeds. The fight against the Recorder was first made on political grounds, because he was charged with having violated the civil service law. The white press attacked the colored ladies in the office by saying that the Recorder wanted to compel the white women to associate with them which was untrue, and took that as a subterfuge to have him removed to which the Bee declined to be a party.

The "Colored American" of this city, after its failure to compel the Recorder to give it an appointment which he never promised, commenced an attack by insinuating that the Bee had forced him to terms. If the editor of the "Freeman" will read Mr. Gooper's letters to the Recorder it will be seen that he made no promises to the "American." At the time the Bee supported the Recorder it had never received a cent from him nor can any public man say that the Bee is under any obligations to him.

The Recorder has letters in his possession that will show some of these gentlemen up in a very bad light. The Bee has nothing to be ashamed of and as long as the incumbent of the Recorder's office shows a disposition to be a man the Bee will stand by him.

At this time the Bee thinks he is being persecuted by white people.

THE PEOPLE ARE IGNORANT.

The people of this city are indeed ignorant of how their affairs are conducted. They have no say in anything, and if they have a grievance there is no way to settle it except abide by the decision of three men who need not give you any satisfaction whatever. The Evening Star is trying to make the people believe that the inauguration of the elective franchise in this city is by the colored people. There are as many white people in favor of suffrage as the colored; in fact, more. Why should the people tamely submit to this tyrannical rule? Why should they longer tolerate this imposition?

If reports are true, the Star allows the Commissioners to revise all articles before they appear for publication. Is this because the Star controls the patronage and the advertisement of the District government?

THE HIGH SCHOOL.

The recent appointments in the High School have caused no little storm of indignation among the parents and taxpayers in this city. Aside from the appointment of Mrs. Terrell, Miss Love and her brother have been appointed. These two last appointments are citizens of North Carolina and non-residents. There are three persons, non-residents, that have been appointed, while three normal school graduates have been left out in the cold. There are several hold-over graduates from the normal school who are entitled to appointments, but it seems that these poor girls have no schools whatever. There is to be a public meeting called to present a protest to the District Commissioners. Who is responsible for these appointments, no one knows but the trustees of the schools.

THE GLOBE

Is the name of a new weekly paper that made its appearance on last Thursday. It is an administration paper and a defender of the present recorder of deeds. It is an eight page folio, and doesn't fail to express its opinion of men who are opposing Mr. Taylor. The editor's name doesn't appear, but it is claimed that it is edited by a white man and Washingtonian.

If the Bee deems it necessary to discontinue its criticism of the recorder of deeds, whose business is it? Certainly Mr. Sweeney has never refused anything from the gift of republicans nor democrats. Why should the Bee refuse a gift if offered?

That braying mule of the Kansas City Messenger should explain his moral conduct toward the people of Kansas. Why was he removed from school? If this mule would like to know the Bee will be pleased to tell him.

If the present warden of the jail should not be removed the Bee doesn't know why.

The Baptist Herald, that had such a prosperous start and which was so well edited by that distinguished young divine, Rev. Creditt, has passed in its checks and has gone to that home where no traveller is known to return. The Herald often said that it came to stay. No doubt it did, but no man knows when the Son of man cometh.

The Sage of Anacostia is of the opinion that some one has been trying to do him.

The people want to vote.

Why should there be taxation without representation?

The Evening Star has endeavored to impress the people that the suffragists are all colored people. The Star has the colic.

The people will boycott the Star.

THEIR TWELFTH ANNIVERSARY.

MR. AND MRS. KEYS' SILK AND LINEN WEDDING.

The twelfth anniversary of the marriage of Mr. and Mrs. Robert Key or a silk and fine linen wedding was celebrated last evening at their residence, 211 3d street s. w.

There were just fifty invitations issued to their intimate friends who responded in a manner that was a surprise to the happy couple, who have enjoyed twelve long years of domestic tranquility. They have had their ups and downs but they continue to enjoy a prosperous life and happiness.

At the appointed hour, which was 8 o'clock, the marriage ceremony was performed in the presence of the invited guests.

Mr. Key wore a fine dress suit while the madam was becomingly dressed in white silk. At the conclusion of the ceremony which lasted about fifteen minutes, Mrs. Key repaired to her chamber with her maid to arrange her toilet and at 8.30 she appeared and entertained her guests from that time till 11 o'clock.

The bride and groom of 12 years were the recipients of many fine pieces of silk and fine linen.

The twelfth anniversary celebration of the marriage of Mr. and Mrs. Key was a happy affair.

FREDERICK DOUGLASS' LECTURE.

Hon. Frederick Douglass' opening lecture before the Bethel Literary and Historical Association last Tuesday evening was one of the greatest efforts of the Sage of Anacostia. The large auditorium of the Metropolitan A. M. E. Church was comfortably filled. A goodly number of white persons was scattered through the audience. Seated upon the stage besides Mr. Douglass were Recorder C. H. J. Taylor, Rev. Dr. J. T. Jenifer, Prof. Kelly Miller, Miss M. L. Jordan, E. A. Clark and R. S. Smith who presided.

Letters of regret were received from Rev. Dr. J. E. Rankin, president of Howard University and others.

Mr. Douglass' lecture was a masterpiece of ability, research and eloquence. His subject was "The Origin and History of the Institution of Slavery." He showed that slavery was originated in the West India Islands by a pious priest.

The introduction was made by Lawyer R. S. Smith, acting president of the association which was timely and pointed. Mr. Smith knows how to say a thing and when to say it.

COLORED DOCTORS ORGANIZE.

About thirty five doctors held a meeting at Freedmen's Hospital last Wednesday night in response to a general call issued to "all members of the medical profession interested in the organization of a new medical association in this city." The call was issued by Drs. F. J. Shadd, John R. Francis, Daniel H. Williams, John C. Norwood, and Thomas Martin.

It is well known that the District Medical association now in existence will not permit to membership colored physicians, and the need of an association has long been felt by the colored doctors here, but no definite steps have been taken to this end before. The colored doctors here are now quite numerous, and the necessity for the organization of a medical society in the District that will admit all applicants who are members of the regular profession in good standing is conceded by all of them, many of whom have a large practice. It is the intention of the new organization to admit to membership none but reputable physicians, and they expect to start out with a pretty good membership

Those who answered the call met in the hospital at 7.30 Wednesday evening and were called to order by Dr. Watts, who was elected temporary chairman. The prospectus of the society was discussed at length and a committee of five on organization was appointed to submit plans for a permanent organization on December 5 at Freedmen's Hospital at 7.30 in the evening. The committee consists of Drs. F. J. Shadd, R. W. Brown, A. W. Tancil, H. W. Furniss, and G. W. Cabiniss. At the next meeting the committee will have made all plans for a permanent organization which will be effected. A name for the organization will be selected and the bylaws and rules governing the society established. The society will probably consist, to start with, principally of colored members, but it will not necessarily be confined to these, as its object is to admit all members of the profession in good standing who may make application. It will from its nature be in opposition to the present association here, but in no wise antagonistic. They will be organized for the same objects as the present association and endeavor to maintain the same high character and standing as a medical association.

Among those present at the meeting and who signified their intention to support the new movement were Drs. John C. Norwood, James C. Etwin, W. W. Purnell, J. S. Hibbs, William H. Connor, S. A. Ward, D. A. Lane, John C. Outlaw, T. L. M. Shaw, W. K. Price, Daniel H. Williams, C. A. Sewell, S. M. Pierre, E. A. Allen, B. J. Cook, A. W. Tancil, J. N. Johnson, W. P. Napper, Charles H. Marshall, George W. Cabiness, A. R. Collins, J. W. Mitchell, E. D. Williston, S. R. Watts, and A. L. Herron.

The people want suffrage and the right to elect their own officers.

FREEDMENS HOSPITAL NOTES.

The "Internes" at the Freedmen's Hospital surprised the natives by appearing upon the scenes with new uniforms last Sunday morning. The uniform consists of a dark navy blue suit, gilting caps; on the left arm is the maltese cross, significant of their calling. It is a grand step in the right direction and adds greatly to the dignity and prestige of their work.

This is the age of advanced progress. In no department of science has greater progress been made than in surgery. In none has humanity been more benefited. During the past ten years that science has developed things formerly thought miracles. It was on November 11, 1894, that Mrs. Viola Jeffries submitted to an operation for the removal of a large abdominal tumor which had distressed her for years. The operation was performed at Freedmens with great success. The patient is entirely out of danger and will soon be perfectly restored to health. Not once has a bad symptom manifested itself nor has she suffered much pain since the operation. Such work is bound to convince the most skeptical that we are advancing with rapid strides.

The services of a most efficient superintendent have been secured to take charge of the training school for nurses at the Freedmen's Hospital. The lady comes highly recommended and has shown by her preliminary work the mastery of her art.

The hospital is to be congratulated and those for training may feel elated to know that their opportunity to achieve excellence in their art is greatly enhanced.

Thanksgiving Day is the 25th anniversary of the marriage of Major C. A. Fleetwood. The major and his amiable wife have spent many days and years of unmolested joy together. This happy couple have lived in this city for a long time and have enjoyed the confidence and respect of a large circle of friends. The Bee extends to the major and his madam its congratulations and may they live to enjoy the 50th anniversary of a happy marriage life.

The patrons of the Bee will read the advertisement of Miss Finnie, an accomplished young lady, who is engaged in all kinds of articles for the hair. She has opened a place of business at 1107½ I st. n. w. Her cut will appear in connection with her advertisement next week.

Koonce Brothers will open their ice cream, confectionery and oyster saloon on Monday 26, at 1510 14th street. Mr. Morris Koonce, the senior member and manager of the firm is well known to the people of Washington. His ability as a caterer has been established and the people of Washington can feel assured of courteous and polite treatment in this establishment. Mr. Koonce has spared neither pains nor expense in furnishing the place and it will compare favorably with any establishment of the kind in the city.

EXECUTIVE COMMITTEE.

W. C. Martin, President; J. H. Coleman, 1st Vice-President; Janie T. Allen, 2d Vice-President; Hattie F. Bond, Secretary; M. E. Griffin, Assistant Secretary; Rubie H. Adams, Financial Secretary; Ida E. Duckett, Treasurer.

Auxiliary Committees of Ladies and Gentlemen will be hereafter announced.

FOR THE HOUSEHOLD.

Thin slices of lemon are usually served with ice tea.

Tea and coffee should both be made with briskly boiling water.

At dinner parties the servant who is detailed to look after the gentlemen's wants hands each one as he leaves the dressing room an envelope which contains a card on which is the name of the lady he is to escort to dinner.

A good marshmellow paste is to be made by soaking half a pound of gum-arabic in about a pint of water, to which is added gradually a pint of powdered sugar and the beaten whites of two eggs. The paste will be done when it forms a thick mass in the cold water. Flavor with any essence desired, and pour into a shallow pan which has previously been powdered with cornstarch. After the mass is thoroughly cool cut into squares and cover generously with confectioner's sugar.

The following is said to be an excellent receipt for "angel's food": Beat very stiff the whites of ten eggs; sift together twice, one-half pound powdered sugar, five ounces of pastry flour, one even teaspoonful of cream of tartar, and add to the eggs, stirring very gently with a wooden spoon; sprinkle one-half teaspoonful of vanilla powder to it and fill in the regular angel food tins. Soak the moulds in cold water before using; rinse them out and while still damp fill with batter. Bake for three-quarters of an hour and when baked turn moulds upside down. Never grease nor line the moulds with paper; just have them damp and the cakes will fall out when cold. Frost very thin with a delicate, flavored.

HINTS! HINTS!

True and honest friendship cannot be disapproved of, but the gushing invitation of friendship which is so prevalent now-a-days is like a horrid disease; it should be avoided.

Girls often become too intimate on short acquaintance which has but a short duration. Remember the old adage "be slow and sure."

It is not necessary to believe that all people are false because you have been deceived in one.

Men oftimes take care of their enemies and turn their backs on their friends.

Some girls think it is nice to be coquettish and flirt but if they only knew the bad reputation they are making for themselves they would be more reserved.

A wise girl will watch the man who asks her to become his wife; and not begin her preparations for the marriage until she has good proof that he means what he says.

It is decidedly dangerous for a young married woman to have an intimate man friend except her husband. There is such a thing as "innocent friendship" but such friendship should be avoided.

There you may have your hair, hands and form made beautiful.

Mlle Finnie, during her two years' absence from this city, has made an extensive tour through the South and West, and has added much to her former store of knowledge of "the human form divine." She will be more than pleased to give to her former patrons and the citizens of Washington in general the benefit of her newly acquired art. Among the many new articles brought to Washington this season is the

"EGYPTIAN FACINE,"

A harmless preparation for the Face and Hands, containing no alkali nor acid. Its careful use will beautify and give to the skin that Venus like transparency which excels all former undertakings. In connection with "Egyptian Facine" the medicated "Skin Salve" may be used to hasten the desired effect.

For the growth and straightening of the hair Mlle Finnie's *"African Eureka Cream"* has no equal.

All who want true complexion and beautiful hair should avail themselves of the opportunity of buying one or more of her preparations.

OUR FASHION COLUMN.

HOW TO LOOK STYLISH.

No material is too fine for the dinner gown. The rich brocade, the soft velvet, the lustrous silk, the heavy cloth, the glossy satin, each is dedicated to this toilette.

All of one's jewels are in good taste for a dinner party, and they may be be as elaborately arranged as is desired

By preference, a short train should be given to a dinner dress for it tends to make the wearer look more dignified.

Many combinations are used of brocade and velvet and of silk, with cloth are liked for a dinner party, while lace is used in large quantities upon the glossy black satin which is so much in vogue just now.

The magenta color, and the tints that shake off from it, are liked upon either black or gray, while the peculiar green that is between an emerald and a moss is fancied as the decoration upon lavendar, black, pale blue or golden brown.

Spangles of all the flashing beads, jackets, belts and collars of golden embroidery and every decoration that is familiar to us is liberally used upon the dinner gown.

A woman wearing a black dress well made of suitable or good material is properly dressed for the most elaborate function.

A LIBERAL ORGAN OFFER.

That there has been a revolution in the manufacture of Organs and Pianos is evinced by the current offer of Cornish & Co., the well known manufacturers of Washington, N. J. For the next 60 days they offer to sell an organ for $42.50, which a short time ago would have been considered a desirable bargain at $75.00. With this they offer terms of credit that are sure to meet with the approval of every fair-minded person. Cornish & Co. are the largest makers of Pianos and Organs in the world selling direct from the factory to the home. Since the conception of this great business, nearly thirty years ago, they have been fighting the method of selling instruments through agents and dealers, their plan being to give the enormous profits usually retained by the tradesman to the buyer. Their efforts to place first class instruments within the reach of all, at manufacturer's prices and the most liberal terms, deserves the highest commendation. Every one who is contemplating the purchase of an Organ or Piano, should get the catalogue issued by this firm. It illustrates and describes all the latest and best designs of Organs and Pianos with prices and special offers that are sure to prove profitable. They generally offer to send to it free to all whowrite and mention the BEE.

TURKISH ATROCITIES.

Later Reports of the Massacre of Armenians—A Turkish Denial.

London, Nov. 19.—G. Hagopian, chairman of the Armenian Patriotic Association, has sent a letter to the Earl of Kimberley, Secretary of Foreign Affairs, confirming the horrible atrocities in Armenia, committed on unarmed Christians and defenseless, innocent women and children, which he says were deliberately planned and ruthlessly executed under orders from Constantinople. He enclosed a letter from an Armenian detailing the fiendish acts of the soldiers, who, after subjecting women and children to unspeakable degradation, mercilessly hacked them to pieces with sword and bayonet. It is said that several thousand persons were thus destroyed.

At one place 400 women were assaulted and hacked to pieces, and at another 200 begged for mercy in vain. Sixty brides were crowded into a church and after violation were slaughtered. A large number were offered compassion if they would change their faith, but they preferred a martyr's death and were slain.

Constantinople, Nov. 19.—An official account of the Armenian troubles has been issued. It denies the reported slaughter of Armenians and claims that the Armenians devastated several Musulman villages. It says the Ottoman troops protected the submissive portion of the population and restored order and tranquility.

HORRIBLE SHOOTING.

A Man Shoots His Wife, His Sister-in-law and Then Himself.

Elmira, N. Y., Nov. 19.—Martin V. Strait, a well-known flour and feed dealer, Friday afternoon fatally shot his wife, put one bullet in the body of Mrs. William Whitford, which may cause her death, and then turning the revolver on himself, tried three times to put a bullet through his own heart, inflicting a wound which will cause his death. The shooting was the result of domestic difficulties. The Whitford and Strait families, until a few weeks ago, lived in the same house, the women being sisters. Strait and his wife some time ago separated, but again resumed marital relations. About three weeks ago they again separated. Strait tried in vain to regain the good will of his wife. Friday morning he sent her a note, but the woman said there was no answer. Then Strait evidently determined on his bloody deed. Mrs. Strait died at 7:30 o'clock Friday night. All of the persons are of middle age and have enjoyed the best reputations. The physicians say that Mr. Strait and Mrs. Whitford cannot recover.

THE BOND ISSUE.

The Banks Have Decided to Furnish Subscribers With Gold.

New York, Nov. 19.—Assistant United States Treasurer Jordan states that the banks have decided to furnish gold to subscribers for the new Government bonds. He is confident that the Treasury will gain at least $40,000,000 gold. It is reported that more gold will be imported from London for the purpose of buying bonds, notwithstanding the apparently unfavorable rates of exchange, which show a loss on imports. Some of the foreign bankers may prefer to pay a small premium to secure the gold abroad rather than take chances in New York.

Another Old Man Wants a Bride.

London, Nov. 19. — The Realm, of which Lady Colin Campbell is the editor, has appeared and been favorably received. The Realm announces that the Duke of Argyle is engaged to Miss Knox Little.

(George Douglas Campbell, eighth Duke of Argyle, was born in 1823, and is the father of the Marquis of Lorne, who married the Princess Louise, fourth daughter of Queen Victoria.)

Flour Merchants Confer.

Chicago, Nov. 19.—Twelve millers, representing 500 merchant flouring mills, with a daily capacity of 350,000 barrels, met in secret session at the Auditorium to consider the proposition to reduce the output 100,000 barrels of flour a day for thirty days or 3,000,000 barrels in all. No decision was reached.

Crushed in His Skull.

Buffalo, Nov. 19.—James Fullerton, son of Attorney James C. Fullerton, attacked Frank Short, a well-known money broker, in the latter's office Friday afternoon. He crushed the old man's skull with two blows from a heavy wrench, and then tried to steal $1,800 from him. Short will die.

Yale and Oxford.

London, Nov. 19. — W. J. Oakley, President of Oxford University Athletic Club, has informed a representative of the Associated Press that if Yale would challenge Oxford there was every likelihood that Oxford would send a team to the United States in 1895.

A Rabbi Turns Christian.

Allentown, Pa., Nov. 19.—Rabbi Max Magil, of Brith Emith Hebrew Synagogue, has renounced the Jewish faith. He will join the Bethany United Evangelical congregation, and intends to enter the ministry.

A Well-Known Sporting Writer Dead.

New York, Nov. 19.—P. J. Donohue, well known as a writer on pugilism and sporting topics over the signature "P. Jay," died at Lakewood, N. J., of consumption. He was thirty-four years old.

A Mayor Assassinated.

Lulu, Miss., Nov. 19.—Jacob W. Harman, Mayor of this town, and Henry Lawrence, a leading jeweller, were assassinated on the street by John W. Boyd, overseer of the Van Eaton plantation, and his younger brother Bob.

A Double Crime.

Chicago, Nov. 19.—J. J. Higgins, an electrician, shot and killed Mrs. Kate MacLaughlin, his landlady, Saturday, and afterwards shot himself through the head, dying almost instantly.

To Investigate in New Orleans.

New Orleans, Nov. 19.—A Committee of Fifty has been formed to investigate City Hall affairs. The object is to crush out ring methods, which have been in vogue for several years.

WILBOR'S COMPOUND OF PURE COD LIVER OIL AND PHOSPHATES OF LIME, SODA, IRON.

The truly wonderful effect produced by Dr. Alexander B. Wilbor's Compound of Pure Cod-Liver Oil and Phosphates renders it beyond doubt the most perfect preparation of its kind known to-day.

Consumption, coughs, colds, asthma, debility, wasting diseases and all scrofulous humors disappear under its influence. It is almost as palatable as cream. It can be taken with pleasure by delicate persons and children, who, after using it, become very fond of it. It assimilates with the food, increases the flesh and appetite, builds up the nervous system, restores energy to mind and body, creates new, rich and pure blood, in fact, rejuvenates the whole system, flesh, blood, nerve, brain. This preparation is far superior to all other preparations of cod-liver oil; it has many imitators, but no equals. The results following its use are its best recommendations. Be sure, as you value your health, and get the genuine. Manufactured only by DR. ALEXANDER B. WILBOR, Chemist, Boston, Mass.

AMERICAN NETS AND FISH SEIZED.

Washington Authorities Asked to Protect American Interests.

Detroit, Mich., Nov. 20.—A message received last night from Kelly's Island says that the Canadian customs steamer Petrel is seizing nets and taking fish of Americans in American waters. American fishermen are afraid to venture near for fear of seizure themselves, and asked to have an American revenue cutter sent there to protect them. The Treasury officials at Washington have been notified.

Port Huron, Mich., Nov. 20.—The Fessenden is here and her commander has been notified, it is said, to go at once to the scene of trouble and protect the interests of the Americans. Commandant Hodges will not talk, but the Fessenden's sailors say if they only get the chance they will show the Canadians something unpleasant. There is bitter feeling between the men of the Fessenden and Petrel. The latter boat is new and stronger than the Fessenden and could whip the Yankee craft if it came to a clash.

As it was crossing over a trestle near Larimer Station the axle on the second car broke down, the balance of the cars piling up in a heep, which resulted in the breaking of the trestle. The whole mass of cars and human beings went down with a crash into the creek below.

An Irwin City, Pa., special says that there were eight miners on the train at the time of the accident, but does not give their names.

THE ARMENIAN MASSACRE.

Confirmation of the Terrible News Received From Many Sources.

London, Nov. 19.—The Daily News correspondent in Constantinople says in a dispatch concerning the massacre of Armenians in the Saesoun district: "Sir Philip Currie sent Consul Hallward's report of the incidents at Sassoun to the Porte in order to indicate the serious nature of the events. The Porte, instead of accepting this in a friendly manner, brusquely denies the facts, asserting that Mr. Hallward's report is untrue. It was insinuated, or stated outright, that he had encouraged the Armenians to revolt. This was, of course, ludicrous and absurd. Sir Philip Currie at once informed the Foreign Minister that he should take steps to verify his assertions. His energy paralyzed the Porte, who on Saturday withdrew the allegations against Hallward. The Sultan ordered a commission of three military men and a civilian to make an immediate inquiry. From many sources confirmation of former reports of the massacre have been received. The utmost endeavors have been made to prevent the facts from becoming known. A number of Armenians who fled towards Trebizond have been ordered to return."

A DEADLY KNOCK-OUT.

Bob Fitzsimmons Gives Con Riordan the Blow.

Syracuse, N. Y., Nov. 19. — In the usual sparring exhibition which closed the programme of the vaudeville show Friday night, Con Riordan, the sparring partner of "Bob" Fitzsimmons, was knocked out by a right hander from Fitzsimmons which caught Riordan on the angle of the jaw. The accident occurred at 10:30 o'clock, and two physicians worked over Riordan with applications of electricity for two hours without being able to restore him to consciousness. Riordan breathed as if in pain, and the only evidence of life was a twitching of the muscles when the battery was applied. Fitz and his manager, Capt. Glori, were greatly alarmed when the true condition of Riordan was made known to them. The blow was a light one, but Riordan's condition was against him. He died Saturday morning from the effects of the blow. He did not recover consciousness after the knockout. Riordan had been drinking and the blow caused hemorrhage of the brain. Fitzsimmons is badly scared. Immediately after the Riordan incident Joseph Dunfee, a local sparrer, who killed Donovan in a fight at Maple Bay about a year and a half ago, put on the gloves for a two-round set-to with Fitzsimmons. In the second round Dunfee landed a right hand blow on Fitzsimmons's jaw, resulting in a clean knockdown, the first Fitzsimmons declares he was ever given. Shortly after midnight Fitzsimmons was placed under arrest and locked up.

Fitzsimmons says: "I did not hit Riordan hard; I only tapped him like that," striking an officer lightly on the cheek. "When he fell to his knees he said, 'Call time.'
